

Embodied Awakening

Timeless wisdom for deep nourishment,
happiness, and performance.

Yoga ~ Meditation ~ Nutrition ~ Self-care

Overview

Ayurveda is a synergistic blend of the wisdom and science of life. A roadmap guiding one into living a life in balance with nature. Through the practice of ayurveda you can learn how to live in harmony with the elements, your own nature (doshas), the natural cycles of the planet and your environment.

During this course you will learn the ten essential habits from Ayurveda that create the foundation to experience peak performance, happiness, and longevity. This program is designed in a way that inspires you to go at your own pace and enjoy the small wins along the way.
